Bioamrywiaeth a Datblygu'r
Amgylchedd

Draft Biodiversity and Environment
Development Action Plan

2020-2021

Cyflwyniad

Mae adran 6 o Ddeddf yr Amgylchedd (Cymru) 2016, yn nodi Dyletswydd Bioamrywiaeth a Gwydnwch Ecosystemau y mae'n rhaid i bob awdurdod lleol geisio cynnal a gwella bioamrywiaeth wrth gario allan ei swyddogaethau, a thrwy hynny hyrwyddo gwytnwch ecosystemau'.

I Gyngor Cymuned Llanismel mae hyn yn golygu, ym mhob un o bolisiâu, a gweithgareddau mewnol y Cyngor ac wrth reoli ein parciau a'n amwynderau, dylai'r Cyngor geisio cyfleoedd i gynnal a gwella bywyd gwylt sy'n cael ei gefnogi yn yr ardal ac i reoli'r cynefinoedd (ee glaswelltiroedd, coed, gwlyptiroedd) fel eu bod mewn cyflwr mor naturiol a gwydn â phosib.

Mae'r ddyletswydd hefyd yn cefnogi cyfrifoldebau ehangach y Cyngor o dan Ddeddf Llesiant Cenedlaethau'r Dyfodol (Cymru) 2015 er mwyn i Gymru elwa o economi lewyrchus, amgylchedd iechyd a gwydn a chymunedau bywiog, cydlynol.

Mae'r Cyngor yn gweithio mewn partneriaeth gyda contractwyr i reoli a chynnal parciau a'r amwynderau yn Ardal Cymuned Llanismel. Mae gan y Cyngor hanes cadarnhaol o gyfrannu at yr amgylchedd lleol a hyrwyddo cynaliadwyedd. Mae'r cynllun gweithredu canlynol yn rhoi manylion y gweithgareddau arfaethedig y bydd y Cyngor yn eu cyflawni yn y cyfnod 2019-2021 i gefnogi bioamrywiaeth ac ecosystemau ardal Cymuned Llanismel.

Introduction

Section 6 of the Environment Act (Wales) 2016, sets out the Biodiversity and Resilience of Ecosystems Duty under which, all local authorities 'must seek to maintain and enhance biodiversity in in the exercise of its functions, and in so doing promote the resilience of ecosystems'.

For St Ishmaels Community Council this means that, in all the Councils internal policies, activities and when managing our parks and amenities, the Council should seek opportunities to maintain and enhance wildlife that are supported in the area and to manage the habitats (e.g. grasslands, trees, wetlands) so that they are in as natural and resilient a condition as possible.

The duty also supports the Councils wider responsibilities under the Well-being of Future Generations (Wales) Act 2015 in order that Wales benefits from a prosperous economy, a health and resilient environment and vibrant, cohesive communities.

The Council works in partnership with contractors to manage and maintain parks and amenities in the St Ishmaels Community Area. The Council has a positive record of contributing to the local environment and promoting sustainability. The following action plan provides the detail of the proposed activities that the Council will undertake in the period 2019-2021 to support biodiversity and the St Ishmaels Community area ecosystems.
